*Fernbrook Farms Environmental Education Center's Pre-K/Kindergarten Program provides students with an alternative way of learning. Students spend a day once a week on our 230 acre working farm with amazing natural resources such as 60 acres of forest, a meadow, streams, agriculture, and a rich history. Our dedicated staff works with small groups of students to provide hands-on learning experiences.*

*Our Bridge Program is a short period of classes between our 8-week semesters and is a great way to bridge the gap between our Fall and Winter Semesters, as well as try out our classes to see if you are interested in pursuing participation in the future.. If you have any questions please call the Education Center at (609) 298-4028 or email [Jenna@FernbrookFarms.com](mailto:Jenna@FernbrookFarms.com).*

**Holiday Gifts from Nature**

**November 27<sup>th</sup> or 29<sup>th</sup>**

This week the class will discuss holiday traditions from our homes and around the world. The students will work together on their letters, numbers and fine motor skills to create gifts from nature for our friends and family to share throughout the season!

**Time for Rest**

**December 4<sup>th</sup> or 6<sup>th</sup>**

Where do so many animals go during the winter? During this class the students will learn about animals who hibernate and how they prepare for such a long winter rest.

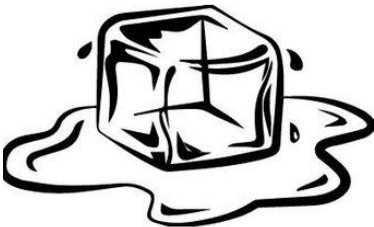

**Exploring Ice**

**December 11<sup>th</sup> or 13<sup>th</sup>**

Water can be a solid, liquid, or a gas! Together, the class will learn the different states of water, with a focus on ice. The students will

test their hypotheses while experimenting with ice, and even create a tasty snack!
