

Fernbrook Farms Environmental Education Center

2018 Fall-Winter Bridge Program

Lower Level Homeschoolers

Ages 6-11 Years Old

Tuesdays 9:30am-11:30am, Tuesdays 1:30pm-3:30pm

Thursdays 9:30am-11:30am, OR Thursdays 1:30pm-3:30pm

"Intro to Wilderness Survival Skills"

Fernbrook Farms Environmental Education Center's Lower Level Homeschool Program provides students with an alternative way of learning. Students spend a day once a week on our 230 acre working farm with amazing natural resources such as 60 acres of forest, a meadow, streams, agriculture, and a rich history. Our dedicated staff work with small groups of students to provide hands-on learning experiences.

Our Bridge Program is a short period of classes between our 8-week semesters and is a great way to bridge the gap between our Fall and Winter Semesters, as well as try out our classes to see if you are interested in pursuing participation in our future programs. If you have any questions please call the Education Center at (609) 298-4028 or email jenna@FernbrookFarms.com. This program only has 30 spots available per class time so register quickly!

Basics of Setting Up Camp

November 27th or 29th

This first class will introduce the students to the basics of setting up and breaking down a backpackers site. The students will learn how to set-up and break down different style tents. The group will practice hanging a bear bag, as well as several different types of knots that are useful when out in the wilderness.

Backcountry First Aid

December 4th or 6th

Knowledge of basic first aid skills is absolutely a necessity when camping, backpacking, or spending anytime out in the wilderness. During this class we will discuss and practice some basic skills such as splinting a leg or arm using basic materials from our packs. The class will go through different scenarios and the students will have to practice organizing

Hittin' the Trail

December 11th or 13th

As the class "Hits the Trail" the students will determine what supplies we must gather in our packs. We will discuss proper foot care, personal energy conservation, and the importance of planning a route and knowing the terrain. The students will pack up some packs and hit the Fernbrook trails!
