Fernbrook Farms Environmental Education Center's Pre-K/Kindergarten Program provides students with an alternative way of learning. Students spend a day once a week on our 230 acre working farm with amazing natural resources such as 60 acres of forest, a meadow, streams, agriculture, and a rich history. Our dedicated staff works with small groups of students to provide hands-on learning experiences.

Our Bridge Program is a short period of classes between our 8-week semesters and is a great way to bridge the gap between our Fall and Winter Semesters, as well as try out our classes to see if you are interested in pursuing participation in the future. If you have any questions please call the Education Center at (609) 298-4028 or email

Jenna@FernbrookFarms.com.

Pioneer Day **November 30th or Dec. 4th**

Come join us for a blast to the past for pioneer day. The students will be using creative techniques to craft soap, candles, and feather pens. (Different classes and different age groups will try different crafts).

All About Wool **December 7th or 9th**

Come visit with our farm animals and learn all about them. How do sheep stay warm during the winter? Students will examine sheep wool and prepare it for spinning.

Gifts from Nature **December 14th or 16th**

Nature presents us with gifts, even in the winter! This last week we will explore the farm and forest to find treasures that we will make into our own gifts for our friends and family!
